P01
The Unique Tool-kit For Quantitative Proficiency Assessment in Laparoscopic Colorectal Surgery

P Shah¹, P Haray¹,²
¹Cwm Taf NHS Trust, Prince Charles Hospital, Merthyr Tydfil, United Kingdom, ²University of Glamorgan, Pontypridd, United Kingdom

P02
Stenting of obstructed colic tumors followed by laparoscopic resection our experience in peripheral hospital

Muhammad Hamid Majeed, Manisha Namah, Adeel Rasool Mamon, Shahbaz Mansoor
Midland Regional Hospital, Mullingar, Ireland

P03
The placement of laparoscopic ports in colorectal surgery – Is there an optimal approach?

S Gurjar¹,², S Patel², M Saunders³, P Gandhi²
¹Kings College Hospital, London, United Kingdom, ²Medway Maritime Hospital, Kent, United Kingdom, ³Eastbourne District General Hospital, East Sussex, United Kingdom

P04
Laparoscopic Port Site Hernias: Results of a National Survey of the ALSGBI Membership

M Wiggans, V Munikrishnan, R Das, S Mitchell
Torbay Hospital, Torquay, United Kingdom

P05
A 5-year analysis of readmissions following elective laparoscopic cholecystectomy

A Paily, P Sanjay, R Weerakoon, T Bird, I Shaikh, S Yalamarthi
Queen Margaret Hospital, Dunfermline, United Kingdom

P06
Conversions during Laparoscopic Cholecystectomy: Why does it happen?

A Paily, I Bhattacharya, C Dunlop, M Harvey, S Panadanboyana, I Shaikh, S Yalamarthi
Queen Margaret Hospital, Dunfermline, Scotland, United Kingdom

P07
Can POSSUM predict HDU stay, re-admission rates or hospital stay following laparoscopic colorectal surgery?

J Parry, M Katory, U Saleh
Queen Elizabeth Hospital, Gateshead, United Kingdom

P08
A comparison of intrathecal opioid/TAP block to more traditional modes of peri-operative analgesia techniques in laparoscopic colorectal surgery.

J Parry, M Katory, U Saleh
Queen Elizabeth Hospital, Gateshead, United Kingdom

P09

Acute laparoscopic cholecystectomies: to do or not to do?

C Liao, U Walsh, E Drye, R Austin
Colchester Hospital University NHS Foundation Trust, Colchester, Essex, United Kingdom

P10

Are we making a difference? - Patient symptoms and quality of life after laparoscopic anti-reflux surgery.

A Luhmann, R Jeffreys, T Rabah, A Hassn, G Morris-Stiff
Princes of Wales Hospital, Bridgend, Wales, United Kingdom

P11

A meta-analysis comparing short term symptomatic outcomes after open and laparoscopic Nissen fundoplication for gastro-oesophageal reflux disease.

R Gyanti¹, M R S Siddiqui¹, H Ali², A Nisar², F Hasan¹
¹Benenden Hospital, Cranbrook, Kent, United Kingdom, ²Maidstone Hospital, Maidstone and Tunbridge Wells NHS Trust, Kent, United Kingdom

P12

A meta-analysis comparing 5 year outcomes after open and laparoscopic Nissen fundoplication for gastro-oesophageal reflux disease.

R Gyanti¹, M R S Siddiqui¹, A Nisar², H Ali², F Hasan¹
¹Benenden Hospital, Cranbrook, Kent, United Kingdom, ²Maidstone Hospital, Maidstone and Tunbridge Wells NHS Trust, Kent, United Kingdom

P13

Quantifying the Changing Workload And Case Mix In Laparoscopic Colorectal Surgery

P R Shah¹, V Gupta¹, P N Haray¹,²
¹Prince Charles Hospital, Merthyr Tydfil, United Kingdom, ²University of Glamorgan, Pontypridd, United Kingdom

P14

Intensive Care Facilities Are Not Mandatory For Elective Colorectal Surgery

P R Shah¹, T Kitchen¹, A G Masoud¹, P N Haray¹,²
¹Prince Charles Hospital, Merthyr Tydfil, Wales, United Kingdom, ²University of Glamorgan, Pontypridd, Wales, United Kingdom

P15

Surgical management of Gallstone Pancreatitis in the Black Country - guidelines are not being adhered to but it may actually be safe to delay surgery for up to 6 weeks
T Pinkney1,2, S Hobbs3, S Shafiq1, A Garnham3, S Odogwu2, R Patel1
1Russells Hall Hospital, Dudley, West Midlands, United Kingdom, 2Walsall Manor Hospital, Walsall, West Midlands, United Kingdom, 3New Cross Hospital, Wolverhampton, West Midlands, United Kingdom

P16
Routine Intra-Operative Cholangiography during Laparoscopic Cholecystectomy Prevents Major Bile Duct Injury
C Liao, U Walsh, J Reed, D Menzies
Colchester Hospital University NHS Foundation Trust, Colchester, Essex, United Kingdom

P17
Staple line bleeding after laparoscopic Roux-en Y Gastric Bypass (RYGB): the size of the problem
C M Borg, F Lirosi, M El Kalaawy, A G Fiennes, M Adamo
University College Hospital, London, United Kingdom

P18
An enhanced recovery programme with a laparoscopic approach for elective colorectal surgery can be successfully applied in a District General Hospital.
J Sturt, J Hendricks, L Cross, T Arulampalam, R W Motson
Colchester Hospital University NHS Trust, Colchester, United Kingdom

P19
Midgut Malrotation Encountered during Laparoscopic Roux-en-Y Gastric Bypass
R Tayyem, A Ali
Ayr Hospital, Ayr, United Kingdom

P20
Outcome of laparoscopic cholecystectomy in patients with morbid obesity in a District General Hospital Setting
A Al-Temimi, A Eisawi, J O'Shea, F Shams, M Siddiqui
Queen Elizabeth hospital, London, United Kingdom

P21
The disadvantages of pre-operative colonoscopic tattooing of tumours in laparoscopic colorectal surgery
A McKeating, A Day, P Farrands, J Clark
Royal Sussex County Hospital, Brighton, United Kingdom

P22
The Role Of Laparoscopic Rectal Excision And Timing Of Surgery Following Chemoradiation In Advanced Rectal Cancer Within The Enhanced Recovery Programmes
C Boulind1, V Munikrishnan1, E Pring1, E Cooper1, S Falk1,2, N Francis1
1Yeovil District Hospital, Yeovil, United Kingdom, 2Bristol Haematology & Oncology Centre, Bristol, United Kingdom
P23

Laparoscopic versus open colorectal resections: comparing short term outcomes over a nine years period: non-randomised cohort study

N Naguib, V Gupta, P Shah, P Mekhail, A Saklani, N Tanner, A Masoud
Prince Charles Hospital, Cwm Taf NHS Trust, Merthyr Tydfil, United Kingdom

P24

A Dedicated Laparoscopic Surgery Fellowship Shortens the Learning Curve for Laparoscopic Colectomy

A Durham-Hall\textsuperscript{1}, J Garner\textsuperscript{1}, A Joshi\textsuperscript{1}, R Kennedy\textsuperscript{2}, R Slater\textsuperscript{1}
\textsuperscript{1}Rotherham General Hospital, Rotherham, S Yorks, United Kingdom, \textsuperscript{2}St Mark’s Hospital, Harrow, Middlesex, United Kingdom

P25

Shall we invest in Surgical Innovations? A population based survey

A Rao, J Kyaston, E MacDonald, I Ahmed
Aberdeen Royal Infirmary, Aberdeen, United Kingdom

P26

Extra-Peritoneal Laparoscopic Drainage of Retroperitoneal Abscess

A Durham-Hall, R Slater
Rotherham General Hospital, Rotherham, S Yorks, United Kingdom

P27

The use of a single incision, single port technique in colorectal surgery

J Sultan, R Roy, T Wong, S Ashraf, T S Gill
University Hospital of North Tees, Stockton on Tees, United Kingdom

P28

A single surgeon’s experience of laparoscopic colorectal surgery in the elderly and high risk cases

J Sultan, R Roy, T Wong, T S Gill
University Hospital of North Tees, Stockton on Tees, United Kingdom

P29

SILSTM Colectomies - Our initial experience at The Royal London Hospital

T Elahi, M Gladman, R Ganesh, S Ahmed
The Royal London Hospital, London, United Kingdom
Late erosive bladder complications from laparoscopic groin hernia repair: a case of too close for comfort?

M A Chaudry, C Liao, T Solomon, D Menzies
Colchester Hospital NHS Foundation Trust, Colchester, Essex, United Kingdom

Laparoscopic colorectal procedures: Is age an issue?

Matthew Reeds¹, Austin Acheson¹, Peter Kang¹, Phillip Conaghan¹, Janette Smith¹, Michael Robinson¹, Christopher Gornall¹, Julian Williams¹, Charles Maxwell-Armstrong¹
¹Department of Surgery, Nottingham University Hospitals NHS Trust, Nottingham, United Kingdom

Written Informed Consent for Laparoscopic Cholecystectomy - How Well are we Doing it?

J Simpson, J Reed, R Nair, D Holroyd
Chase Farm Hospital, London, United Kingdom

Laparoscopic bile duct injuries: spectrum and its management at a tertiary care centre

A Prakash, L H M, A Kumar, V Kapoor
Department of Surgical Gastroenterology, Sanjay Gandhi Postgraduate Institute of Medical Sciences, Lucknow, India

Access to laparoscopic training equipment in the UK

D C Brown, D Miskovic, G B Hanna
Imperial College, London, United Kingdom

Emergency laparoscopic colorectal surgery- is the pain worth the gain?

E McGlone, J Khan, K Muhammed, A Hemandas, K Flashman, A Parvaiz
Queen Alexandra Hospital, Portsmouth, United Kingdom

Experience in open surgery does not aid laparoscopic training at the junior level

D C Brown, D Miskovic, G B Hanna
Imperial College, London, United Kingdom
**P37**

Is the National Training Programme for Consultants detrimental to the training of higher surgical trainees in laparoscopic colorectal surgery?

K Muhammad, A Hemandas, S Zeidan, K Flashman, J Khan, A Parvaiz  
*Queen Alexandra Hospital, Portsmouth, United Kingdom*

**P38**

Educational Impact of the National Training Programme in Laparoscopic Colorectal Surgery – Preliminary Results after 1 Year

D Miskovic\(^1\), S M Wyles\(^1\), M G Coleman\(^2\), G B Hanna\(^1\)  
\(^1\)Imperial College Healthcare NHS Trust, London, United Kingdom, \(^2\)National Training Programme for Laparoscopic Colorectal Surgery, Derriford Hospital, Plymouth, United Kingdom

**P39**

Determining the difficult laparoscopic colorectal case: a step to minimise complications?

S M Wyles, D Miskovic, Z Ni, A W Darzi, G B Hanna  
*Imperial College Healthcare NHS Trust, London, United Kingdom*

**P40**

Combating the complications of laparoscopic colorectal surgery: can a mentor have an impact?

S M Wyles, D Miskovic, Z Ni, A W Darzi, G B Hanna  
*Imperial College Healthcare NHS Trust, London, United Kingdom*

**P41**

Intra-operative cholangiography - a roadmap to variation in extra-hepatic biliary tree anatomy: implications during laparoscopic cholecystectomy

R Nair, D Holroyd, N Daulatzai, B Mohammadi, S Banerjee, S Warren, D Francis  
*Barnet and Chase Farm Hospitals NHS Trust, London, United Kingdom*

**P42**

Comparison of Clinical Outcomes between Higher Surgical Trainees and Consultant Trainees within the National Training Programme for Laparoscopic Colorectal Surgery

E Bracey, A Hemandas, K Muhammad, K Flashman, E McGlone, A Parvaiz  
*Queen Alexandra Hospital, Portsmouth, United Kingdom*

**P43**

Prospective comparison of short-term outcomes following laparoscopic and open total mesorectal excision for rectal cancer

K Muhammad, A Hemandas, K Flashman, J Khan, A Senapati, Dl O’Leary, A Parvaiz  
*Queen Alexandra Hospital, Portsmouth, United Kingdom*
LESS is More: Early experience of LESS (Laparo-Endoscopic Single-Site) cholecystectomy in an unselected consecutive series of patients

K Gash¹, G Greenslade¹,², A Dixon¹,²
¹Frenchay Hospital, Bristol, United Kingdom, ²Spire Bristol Hospital, Bristol, United Kingdom

Fellowship Training in a Specialist Inflammatory Bowel Disease Unit Facilitates Good Short-Term Outcomes in The Development of a Laparoscopic Service

F Younis, A Stabler, E Courtney, R J Davies
Addenbrooke’s Hospital, Cambridge, United Kingdom

Laparoscopic Reversal of Hartmann’s Procedure - Is it Really Worth It?

D Holroyd, S Banerjee, B Mohammadi, A Alli, D Francis, S Warren
Chase Farm Hospital, Enfield, United Kingdom

Laparoscopic Adult Colorectal Surgeon and Adolescents with Inflammatory Bowel Disease: A Safe Combination?

E Courtney, R Heuschkel, J Davies
Addenbrooke’s Hospital, Cambridge, United Kingdom

Development of laparoscopic liver surgery programme: The Cambridge experience.

E Ypsilantis, E L Huguet, A Jah, R K Praseedom, N V Jamieson
Addenbrooke’s Hospital, Department of Hepatobiliary and Transplantation Surgery, Cambridge University Hospitals Foundation NHS Trust, Cambridge, United Kingdom

Laparoscopic colorectal procedures: Is laparoscopic reversal of Hartmann’s procedure feasible?

M Reeds¹, A Acheson¹, P Kang¹, P Conaghan¹, J Smith¹, Ml Robinson¹, C Gornall², J Williams¹, C Maxwell-Armstrong¹
¹Department of Surgery, Nottingham University Hospitals NHS Trust, Nottingham, United Kingdom, ²Department of Anaesthesia, Nottingham University Hospitals NHS Trust, Nottingham, United Kingdom

An Unusual Indication for Fundoplication: PPI-Induced Hypomagnesaemia-Hypocalcaemia

O Will¹, P Goodwin², A Sarkar¹, A Harris¹
¹Hinchingbrooke Hospital, Huntingdon, United Kingdom, ²Buckden and Little Paxton Surgery, Huntingdon, United Kingdom
P52

Laparoscopic colorectal surgery: the learning curve in a perceptorship program.

V Kaur, R Dhange, S Gurunaidu, A Sverrisdottir, J Eccersley, S Vakis, P Kumar
Queens Hospital, Burton-on-Trent, United Kingdom

P53

A single surgeon's experience of laparoscopic colorectal surgery following structured training

J Sultan, R Roy, T Wong, T S Gill
University Hospital of North Tees, Stockton on Tees, United Kingdom

P54

Colo Right Ureteric Fistula A Rare Complication Post Laparoscopic Bowel Surgery

A Kaleem, A Suppiah, M Khandelwal, E Ewart, M Ahmad
Scunthorpe General Hospital, Scunthorpe, United Kingdom

P55

Simultaneous Laparoscopic Anterior Resection for Rectal cancer and Synchronous Liver Metastasis Resection

R Ganesh, T Elahi, H Kocher, S Ahmed
The Royal London Hospital, London, United Kingdom

P56

Successful Introduction of a Laparoscopic Colectomy Service: Is a Fellowship or Preceptorship necessary?

A Malik, G Tsavellas
East Kent Hospitals NHS Trust, Margate, Kent, United Kingdom

P57

Does obesity increase complication rate of laparoscopic colorectal surgery? A single surgeon's perspective

A Ghosh, S Dalton, M Mason, A Dixon
Frenchay Hospital, Bristol, United Kingdom

P58

Laparoscopic colorectal surgery for benign disease is not associated with higher morbidity and mortality when compared to cancer resection.

K Muhammad, A Hemandas, C Bowles, K Flashman, J Khan, A Parvaiz
Queen Alexandra Hospital, Portsmouth, United Kingdom
P59
Avoiding Complications during surgery - Is Laparoscopic Thoracoscopic Cadaveric model the answer?
A Nisar, H Ali, U Bracale, Y Abdulaal
Maidstone Hospital, Maidstone and Tunbridge Wells NHS Trust, Kent, United Kingdom

P60
Laparoscopic Repair of Perforated Peptic Ulcer is a Suitable Alternative
C Liao, B Murtagh, J Lang-Stevenson, A Chaudry, D Menzies
Colchester Hospital University NHS Foundation Trust, Colchester, Essex, United Kingdom

P61
Is excess weight loss more than 100% after bariatric surgery good or bad?
M Zia¹, P Morcous¹, A Hassn¹ & ²
¹Princess of Wales Hospital, Bridgend, South Wales, United Kingdom, ²Al-Bakry Hospital, Cairo, Egypt
