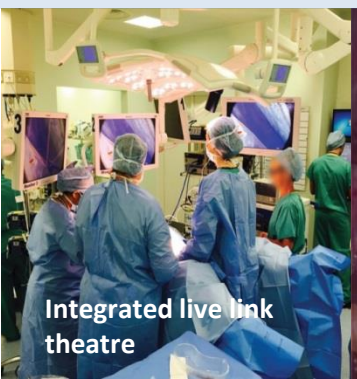
4th Annual

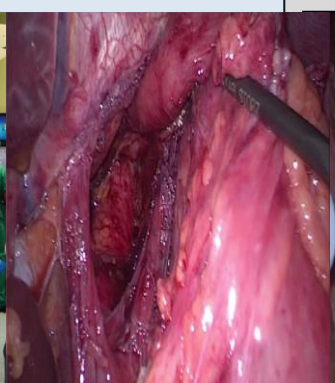
Advanced Laparoscopic Hiatal Surgery Course

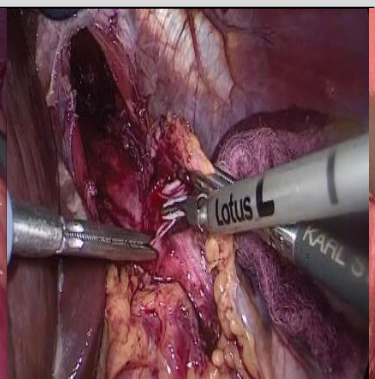
Upper GI Trainees/Consultants (StR6-8/Post CCT)

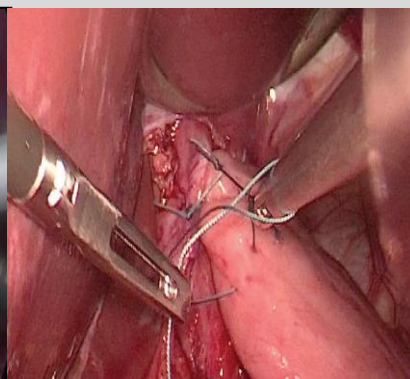
Wednesday 23rd October 2019- Thursday 24th October 2019



Integrated live link theatre







This two day course is designed to concentrate on aspects of advanced hiatal surgery that senior trainees may have limited exposure to in training and junior consultants may feel least confident with in their clinical practice. The first day is workshop based concentrating on skills in the wet lab, laparoscopic suturing, energy tissue dissection. The second day covers discusses evidence for surgical practice, patient selection and surgical techniques. As well as lectures live link surgery will be used for discussion and demonstration.
