

Torbay and South Devon
NHS Foundation Trust

Horizon Training Centre

4th Annual Advanced Laparoscopic Hiatal Surgery Course

Upper GI Trainees / Consultants / StR6-8 / Post CCT)

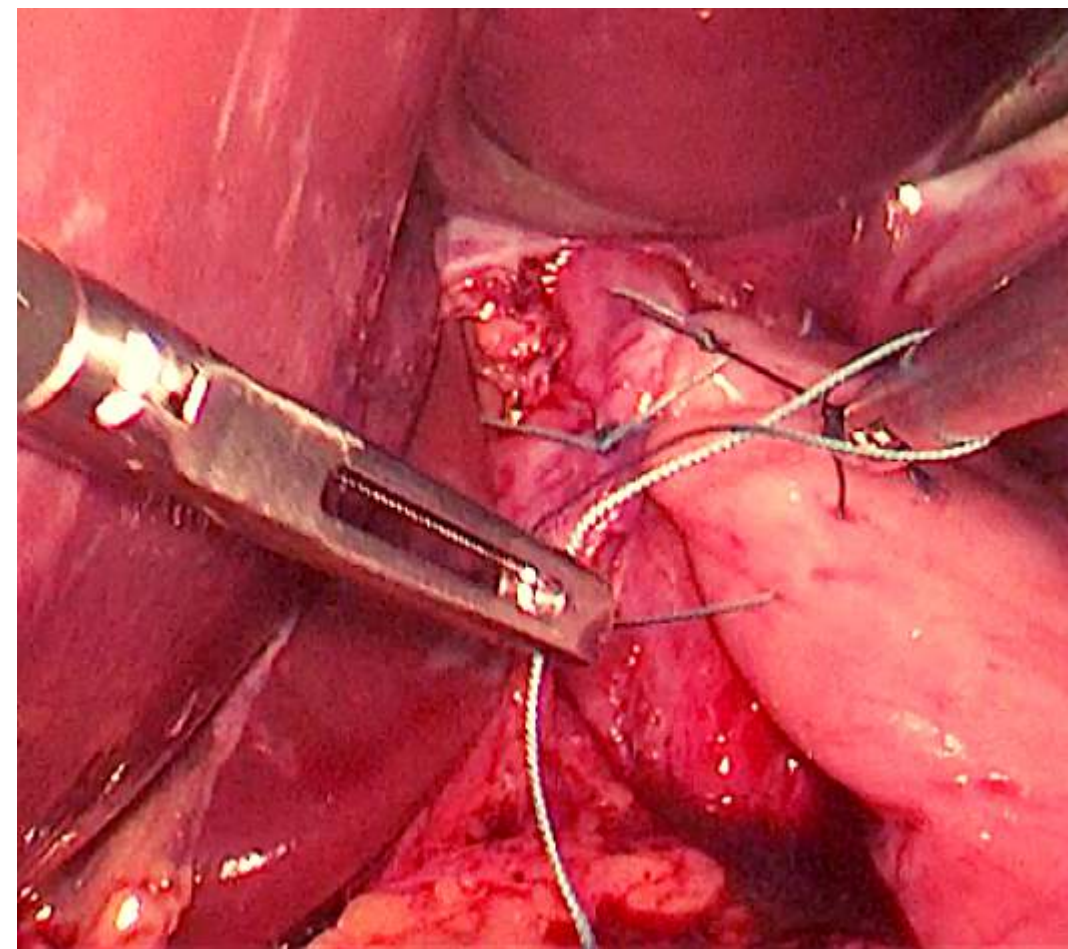

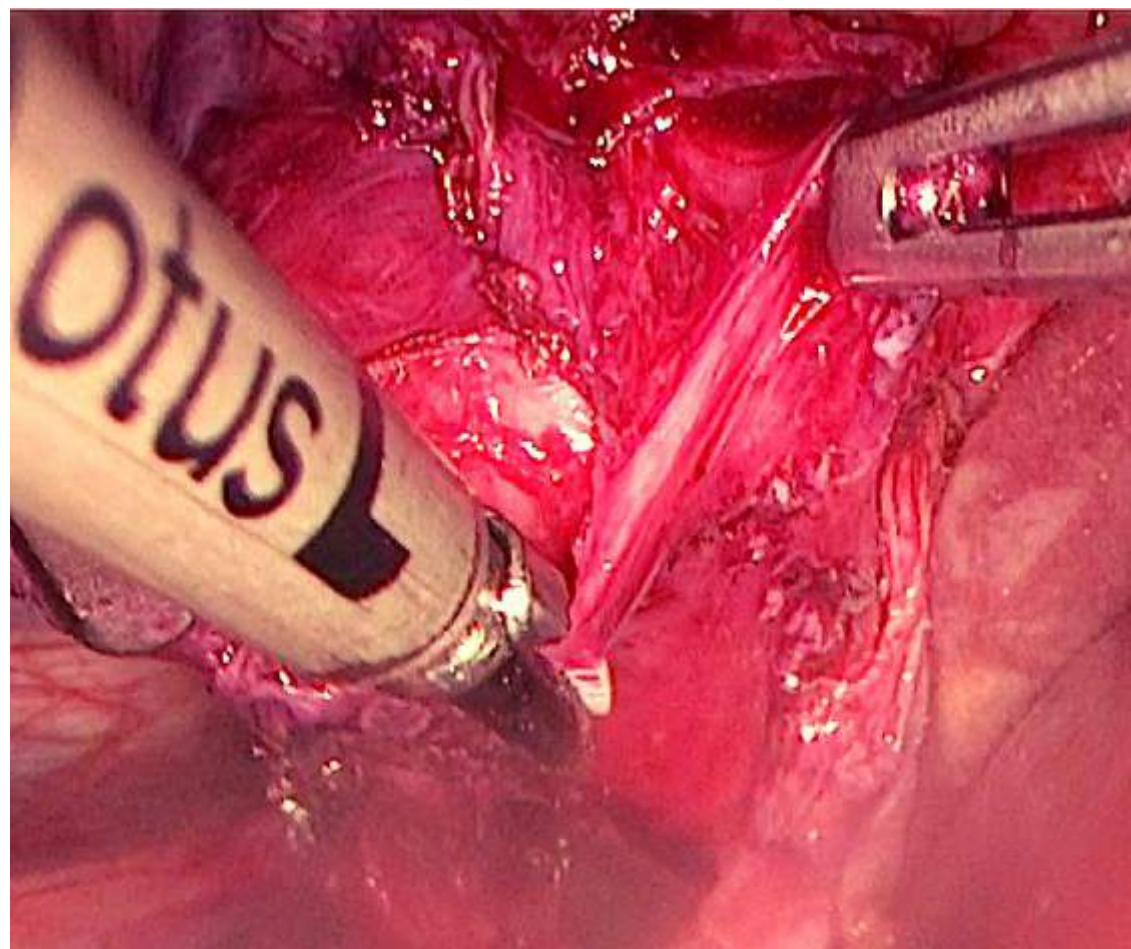

Thursday, 17th October - Friday, 18th October 2019

Integrated live link theatre

Wet lab facilities

This two day course is designed to concentrate on aspects of advanced hiatal surgery that senior trainees may have limited exposure to in training and junior consultants may feel least confident with in their clinical practice. The first day is workshop based concentrating on skills in the wet lab, laparoscopic suturing, energy tissue dissection. The second day covers discussion of evidence for surgical practice, patient selection and surgical techniques. As well as lectures live link surgery will be used for discussion and demonstration.
