

7th Portsmouth Colorectal Congress – PCC 2023

DAY 1: SCIENTIFIC PROGRAM

8.00	Onsite Registration	Speaker
8:30 - 8:45	Welcome address	TBA
Moderator morning session: Vicky Maertens		
8:45 - 9:35	Scientific lectures A	Speaker
8:45 - 8:57	Pelvic anatomy for colorectal surgeons	Thilo Wedel
8:57 - 9:09	Is metaverse the new frontier in surgical education?	Manish Chand
9:09 - 9:21	Quality standards for pathological reporting in rectal cancer surgery	Nicholas West
9:21 - 9:35	<i>Q&A and panel discussion</i>	
9:35 - 10:25	Scientific lectures B	Speaker
9:35 - 9:47	<i>Industry-sponsored session</i>	Ibrahim Darwich
9:47 - 9:59	Rectal cancer: using TNT effectively	Robert Glynne-Jones
9:59 - 10:11	Da Vinci SP platform: hope or hype?	Gyu Seog Choi
10:11 - 10:25	<i>Q&A and panel discussion</i>	
10:25 - 10:45	BASO Keynote lecture: Robotic rectal cancer surgery	 BASO ~ THE ASSOCIATION FOR CANCER SURGERY
10:45 - 11:05	Coffee break	Philippe Rouanet
11:05 - 13:15	Live operating – three MIS rectal resections	TBA
13:15 - 14:15	Lunch break	
Moderator afternoon session: Oroog Ali		
14:15 - 15:05	Scientific lectures C	Speaker
14:15 - 14:27	<i>Industry-sponsored session</i>	Venky Munikrishnan
14:27 - 14:39	Beyond TME: off the beaten track	Quentin Denost
14:39 - 14:51	Watch and wait approach for rectal cancer	Oktar Asoglu
14:51 - 15:05	<i>Q&A and panel discussion</i>	

15:05 - 15:25	Mike Thompson Lecture: Novel MRI predictors for rectal cancer staging and prognosis	TBA
15:25 - 15:50	Coffee break	
15:50 - 16:40	Scientific Lectures D	Speaker
15:50 - 16:02	LARS: where are we now in 2023?	Soren Laurberg
16:02 - 16:14	To be announced!	TBA
16:14 - 16:26	Rectal cancer surgery in the next decade – Bill’s vision	Bill Heald
16:26 - 16:40	<i>Q&A and panel discussion</i>	
16.40 - 16:45	Feedback, End of day 1	

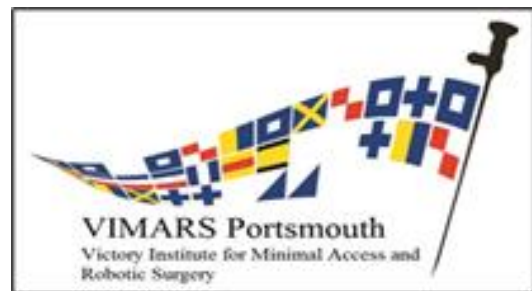

7th Portsmouth Colorectal Congress – PCC 2023

DAY 2: SCIENTIFIC PROGRAM

8.00	Onsite Registration	Speaker
8:30 - 8:45	Welcome address	TBA
Moderator morning session: TBA		
8:45 - 9:35	Scientific lectures A	Speaker
8:45 - 8:57	How to develop a standardised curriculum for robotic training	Peter Hertz
8:57 - 9:09	To be announced!	TBA
9:09 - 9:21	The future of CME training: learning points from the latest trials	Nader Francis
9:21 - 9:35	<i>Q&A and panel discussion</i>	
9:35 - 10:25	Scientific lectures B	Speaker
9:35 - 9:47	Central vascular dissection for CME: surgical technique	Ellen Van Eetvelde
9:47 - 9:59	What we have learned from the MIRCAST trial	Marcos Gomez Ruiz
9:59 - 10:11	Controversies of nomenclature in CME surgery	Anke Smits
10:11 - 10:25	<i>Q&A and panel discussion</i>	
10:25 - 10:55	Coffee break	
10:55 - 13:15	Live operating – three MIS colon resections	TBA
13:15 - 14:15	Lunch break	
Moderator afternoon session: Patricia Tejedor		
14:15 - 14:35	Sir Ernest Miles keynote lecture: The current status of right colon cancer surgery	Werner Hohenberger
14:35 - 15:25	Scientific lectures C	Chairs
14:35 - 14:47	Robotic abdominal wall hernia repair	Filip Muysoms
14:47 - 14:59	Suprapubic approach to colonic surgery	Paolo Pietro Bianchi
14:59 - 15:11	Splenic flexure cancers	Nicola de'Angelis
15:11 - 15:25	<i>Q&A and panel discussion</i>	
15:25 - 15:50	Coffee Break	

15:50 - 16:40	Scientific Lectures D	Chairs
15:50 - 16:02	International, collaborative, data pooling in rectal cancer	Esther Consten
16:02 - 16:14	Low rectal anastomosis - new solution to an old problem?	Antonino Spinelli
16:14 - 16:26	Options for an anastomosis after right colectomy	Laura Hancock
16:26 - 16:40	<i>Q&A and panel discussion</i>	
16.40 - 16:45	Feedback, End of day 2	

7th Portsmouth Colorectal Congress – PCC 2023

DAY 3: SCIENTIFIC PROGRAM

8.00	Onsite Registration	Speaker
8:30 - 8:45	Welcome address	TBA
Moderator morning session: Jim Khan		
8:45 - 10:00	Scientific lectures A	Speaker?
8:45 - 8:57	Myths and realities of diverticular disease	Nasser Abdullah Al-Sanea
8:57 - 9:09	Ileoanal pouch surgery in 2023: a dive into the role of MIS	Gianluca Pellino
9:09 - 9:21	Management pathways for colorectal cancer in IBD	Michel Adamina
9:21 - 9:33	Multidisciplinary approach to robotic resections of bowel endometriosis	Denis Tsepov
9:33 - 9:45	Perioperative management of high risk patients	Susan Moug
9:45 - 10:00	<i>Q&A and panel discussion</i>	
10:00 - 10:30	Round table discussion: What should robotic training in the UK look like?	Charles Maxwell-Armstrong, Nader Francis, Mohamed Rabie, Charlotte El-Sayed, and others TBA!
10:30 - 11:00	Coffee break	
11:00 - 13:55	Live operating Robotic hernia repair / Rectopexy / TEMS / Sigmoidectomy	TBA
11:00 - 13:55	Walking lunch (simultaneous with live operating)	
16.40 - 16:45	Feedback, End of day 2	

7th Portsmouth Colorectal Congress – PCC 2023

DAY 4: COLORECTAL COURSES

Advanced Proctology workshop

Suitable for all levels of surgical trainees

Content: Hands-on sessions at the dry lab, including simulation intracorporeal suturing and use of linear and circular staplers on bowel models

Half day course - £150

Laparoscopic Suturing and Stapling course

- Suitable for Senior Surgical Trainees
- Content: Wet lab practice, discussion on advanced proctology including fistula in ano, hemorrhoidal and pilonidal disease

Full day course - £300

ROBO- CERT Basic Robotic Skill course

- Suitable for surgical trainees, theatre practitioners, nurses and robotic theatre team
- Content: Robotic docking, ports placement, simulation of procedures, model video demonstration.

Full day course - £500
