Scenario – BRIEF ROUTE TO SUCCESS!

This team activity challenges you to plan an operation and complete a brief for a case while solving puzzles and clues along the way. You will be timed and scored, with feedback and discussion on the learning points we explore.

The aims are to:

- Further your understanding of patient, team and resource factors which influence operative planning
- Use effective communication and reflect on decision making strategies
- Develop an awareness of the environmental impact of surgery
- Build on knowledge of what makes a theatre team successful including collaboration and leadership attributes
