*1400 – 1415 - Coffee break*

1545 – Feedback, course summary & Q&A

1600 – Course close

**Course Aim:**

This course is designed as a hands-on training for higher colorectal surgical trainee and consultants that want to set up a transanal practice.

It addresses a gap in surgical training in the United Kingdom in what is an emerging branch of colorectal practice.

The aim of this course is to introduce the attendee to transanal surgery, with a balanced mixture of lectures, case-based discussion, and hands-on training on the two most used TES platforms (TAMIS & TEO).

**Learning Objectives:**

On completion of the course, participants will:

- Describe the different characteristics and limitations of the TAMIS & TEO platforms
- Identify patients balancing indications and contraindications
- Demonstrate the basic technical steps, ergonomics and TES suturing
- Demonstrate the set-up of the TAMIS & TEO platforms
- Outline the most common pitfall and technical problems and how to overcome them
- Describe the indications for neoadjuvant and adjuvant treatment of early rectal cancer.

## Venue Addresses

### The Milner Hotel

Station Road  
YORK  
YO24 1AA

The Milner Hotel is conveniently located right next door to York Railway Station. There is a side entrance into the hotel immediately to the left of the station (adjacent to the entrance/exit for the station short-stay car park). Otherwise simply turn left out of the station and walk round to the main entrance at the front of the hotel. There is paid car parking at the hotel for guests should you choose to arrive by car (details are on the hotel website).

### Medical Education Centre

5th Floor Admin Block  
York Hospital  
Wigginton Road  
YORK  
YO31 8HE

Enter via the main entrance at the front of the hospital and take an immediate right (behind the red post box) where there is a lift to the Medical Education Centre on the 5th floor.

### Parking at York Hospital:

There is a large multi-story car park at the front of the hospital. This car park operates a pay on exit system and payments can be made by cash or card. The payment machine is located on the ground floor of the car park.
